CULTURAL INSIGHT

Koreans like to show that they care by asking 밥 먹었어요?(bap meogeosseoyo?)/ 식사 하셨습니까?(siksa hasyeotssemnikka?) which literally means "Have you eaten?" But the actual meaning is the same as "How are you?" 밥 먹었어요?(bap meogeosseoyo?) is informal, and 식사 하셨습니까?(siksa hasyeotssemnikka?) is formal. Usually, they are not asking to go eat something together. So, when someone asks you 식사 하셨습니까?(siksa hasyeotssemnikka?), you can just answer 네(ne.) "Yes."
